BEE / Best Email Editor: beautiful content, fast

Marketers are often also designers

They create content in all sorts of applications: a welcome email, a product launch landing page

BEE helps them make that content beautiful and fast

A drag-n-drop email and landing page editor to edit those templates that renders them seamlessly no matter the device, email client, charset

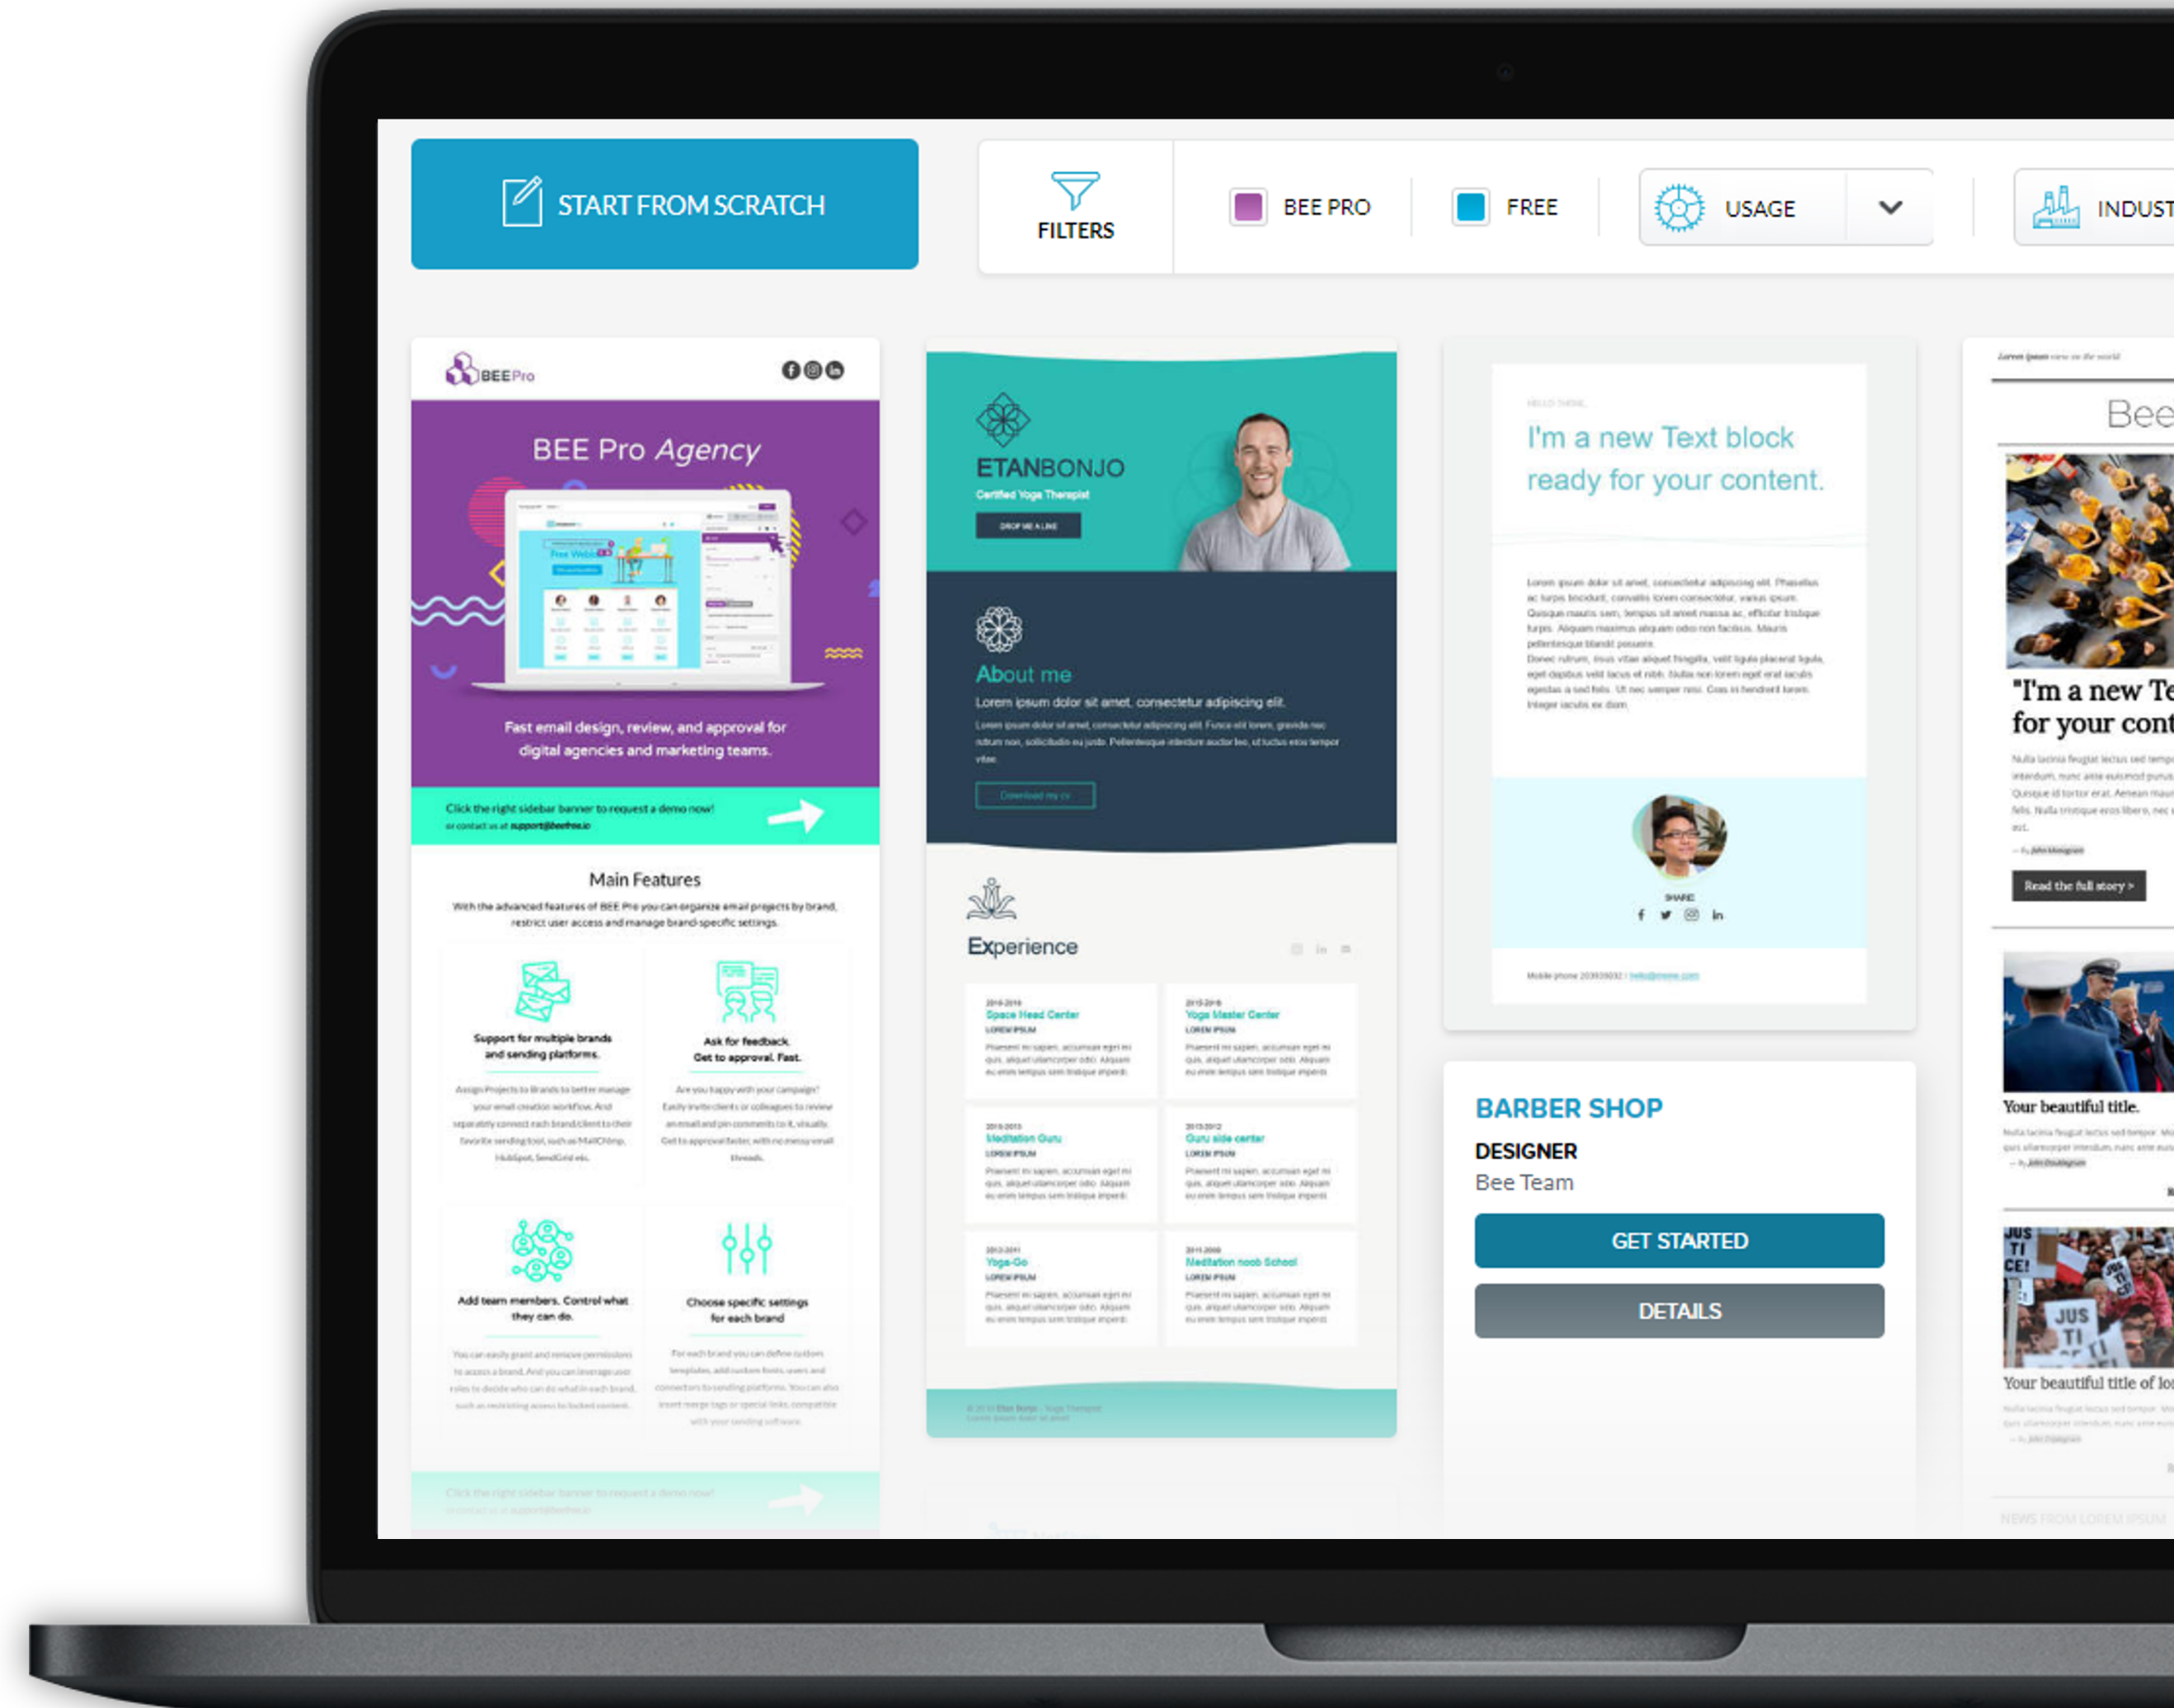

Two products built around the editor

BEE Pro

For Email Designers

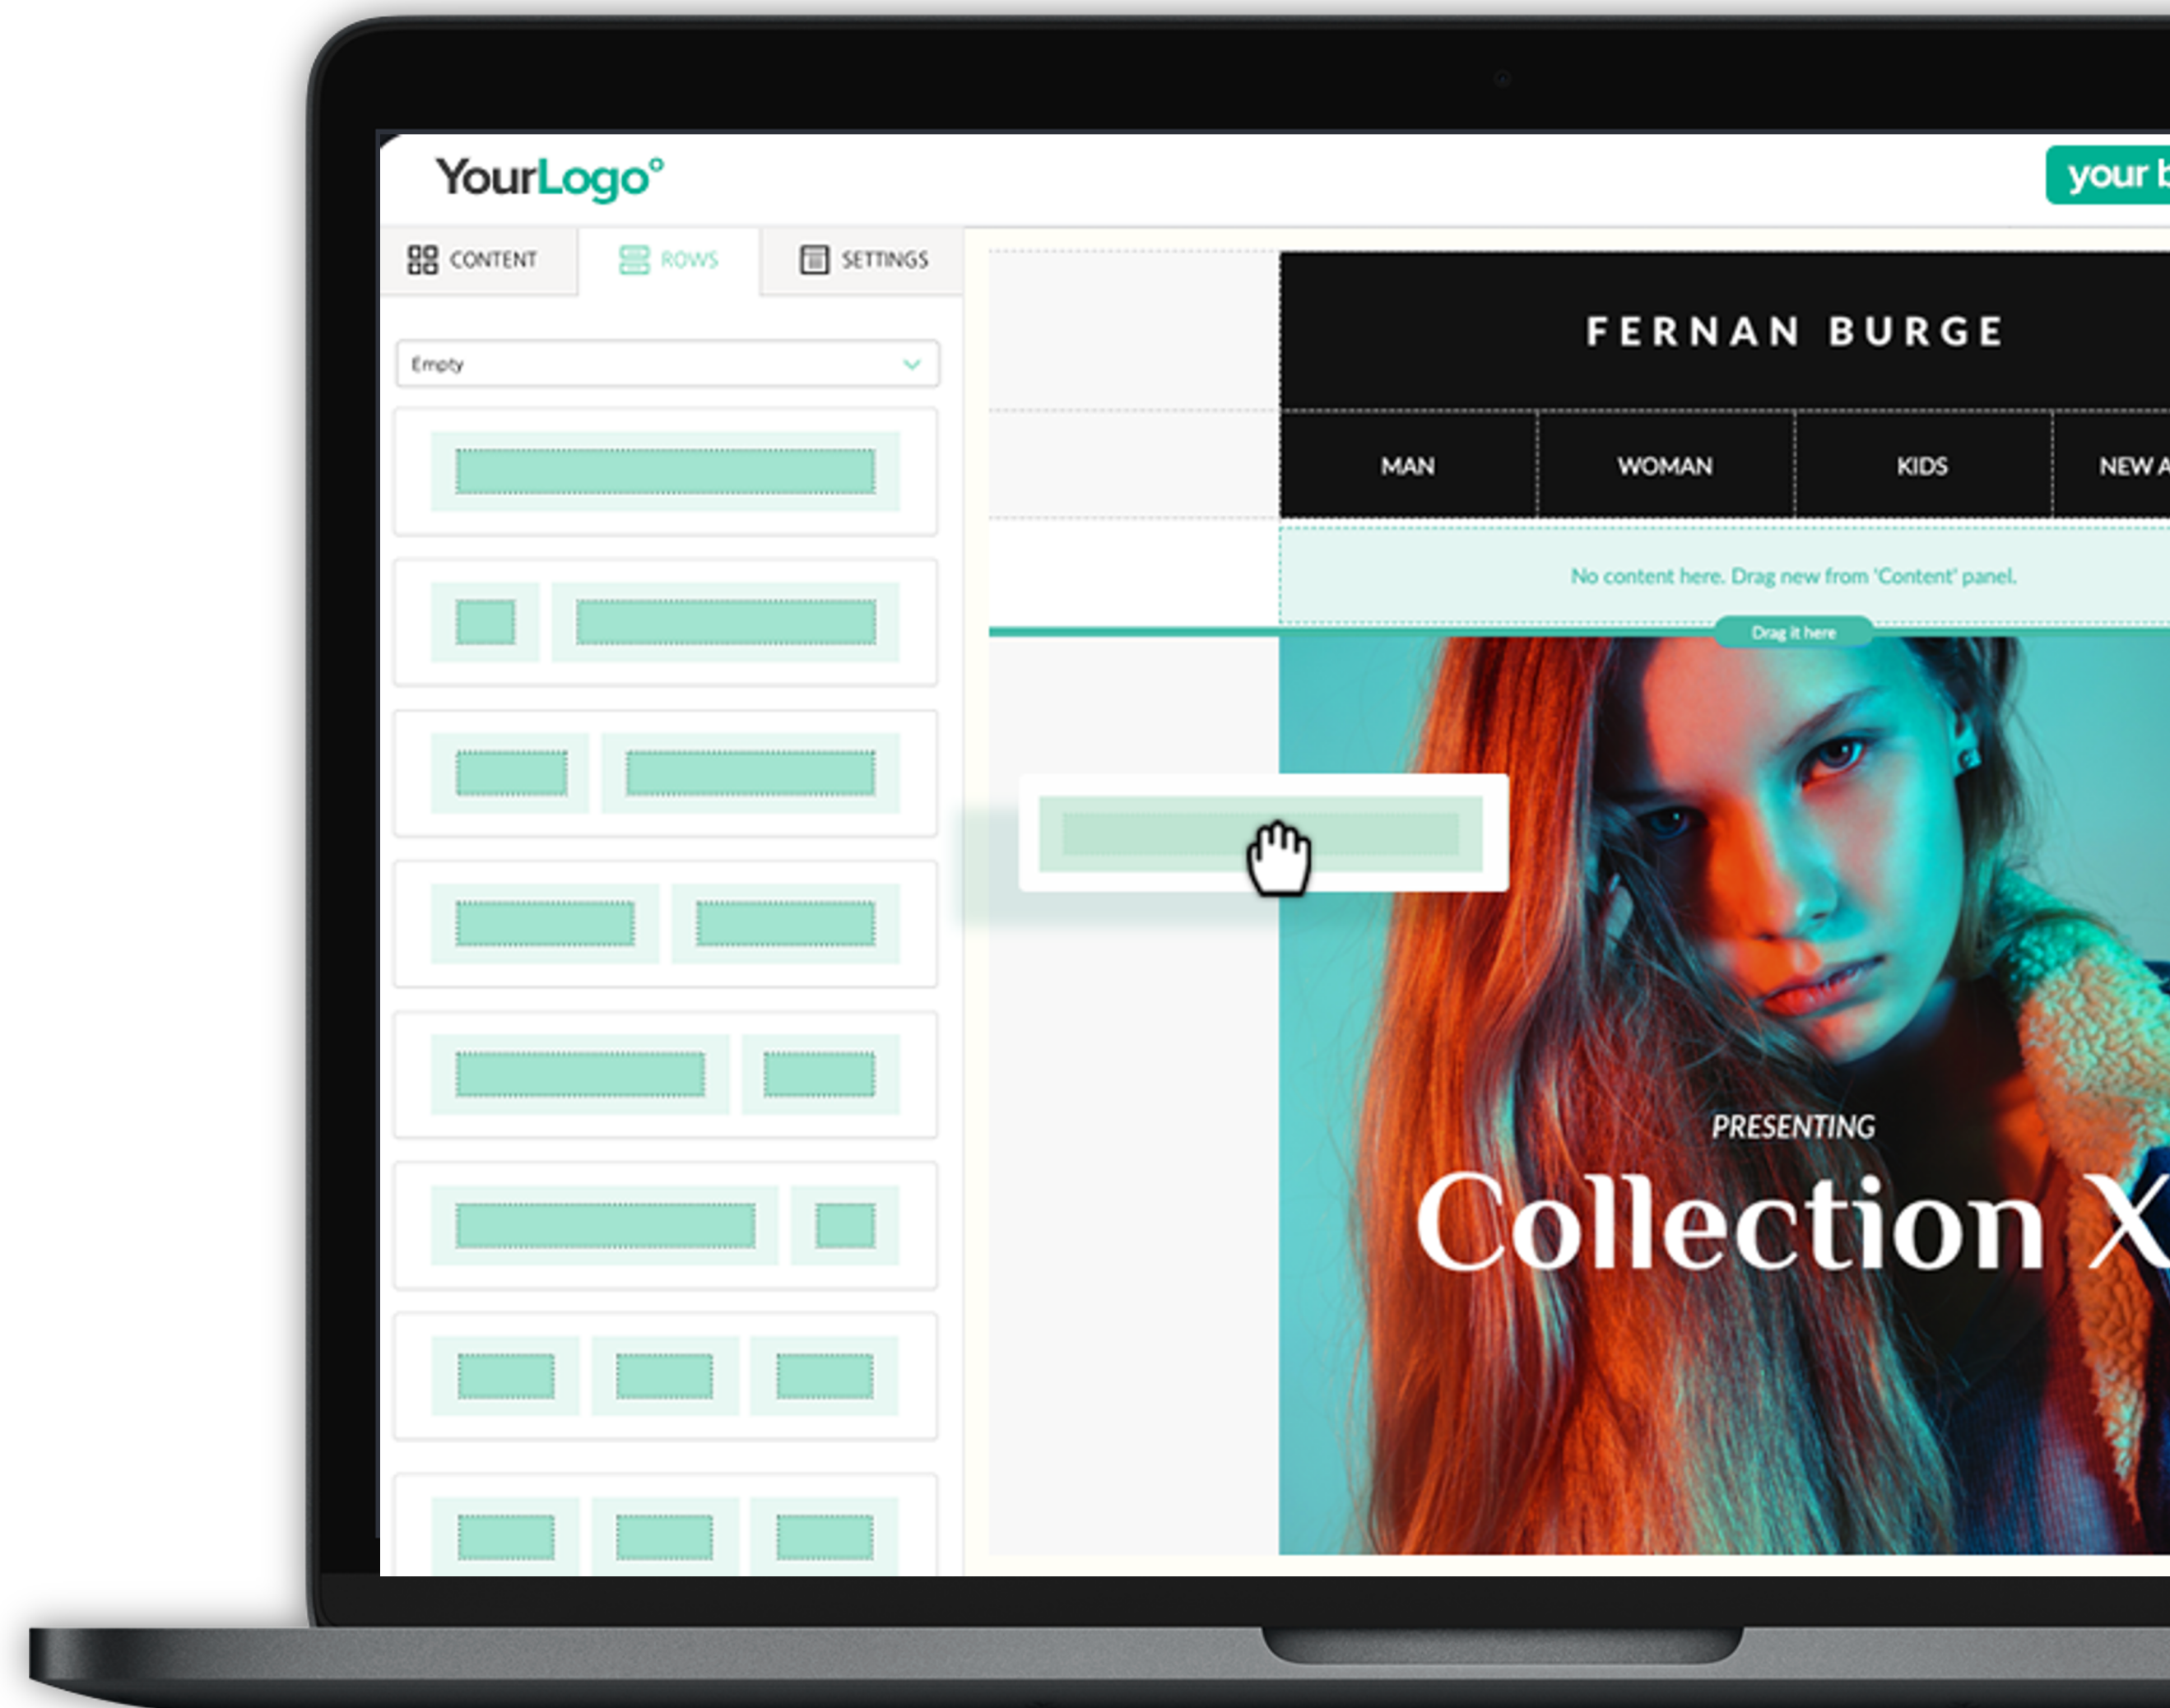

- Hundreds of email templates
- Fast email creation workflow
- Multi-user support with roles and permissions
- Collaboration tools for review and approval
- Integrations with many marketing platforms
- Free editor generates product led-growth
- Community: a growing number of designers collaborate to enrich template lists

BEE Plugin

Embeddable email & page editor for SAAS

- A completely customizable editor
- Easy «Make vs Buy» pitch: companies save money and time by embedding BEE vs. building their own drag-n-drop editor
- Clear advantages:
 - Give a content editor users will love
 - Reduce time to market & cost
 - Easily and seamlessly integrated and connected
 - Zero maintenance cost to assure email clients compatibility overtime
 - 20 languages supported
 - Peace of mind from a large listed Group vs. buying a start-up solution

Business unit highlights: BEE

Company

- MailUp technology spin-of > Startup in Silicon Valley
- Business team and IP in USA, technological team in Italy
- 7,000+ BEE Pro users, 600+ SaaS developers, 200,000+ free users
- 40 employees

Competition

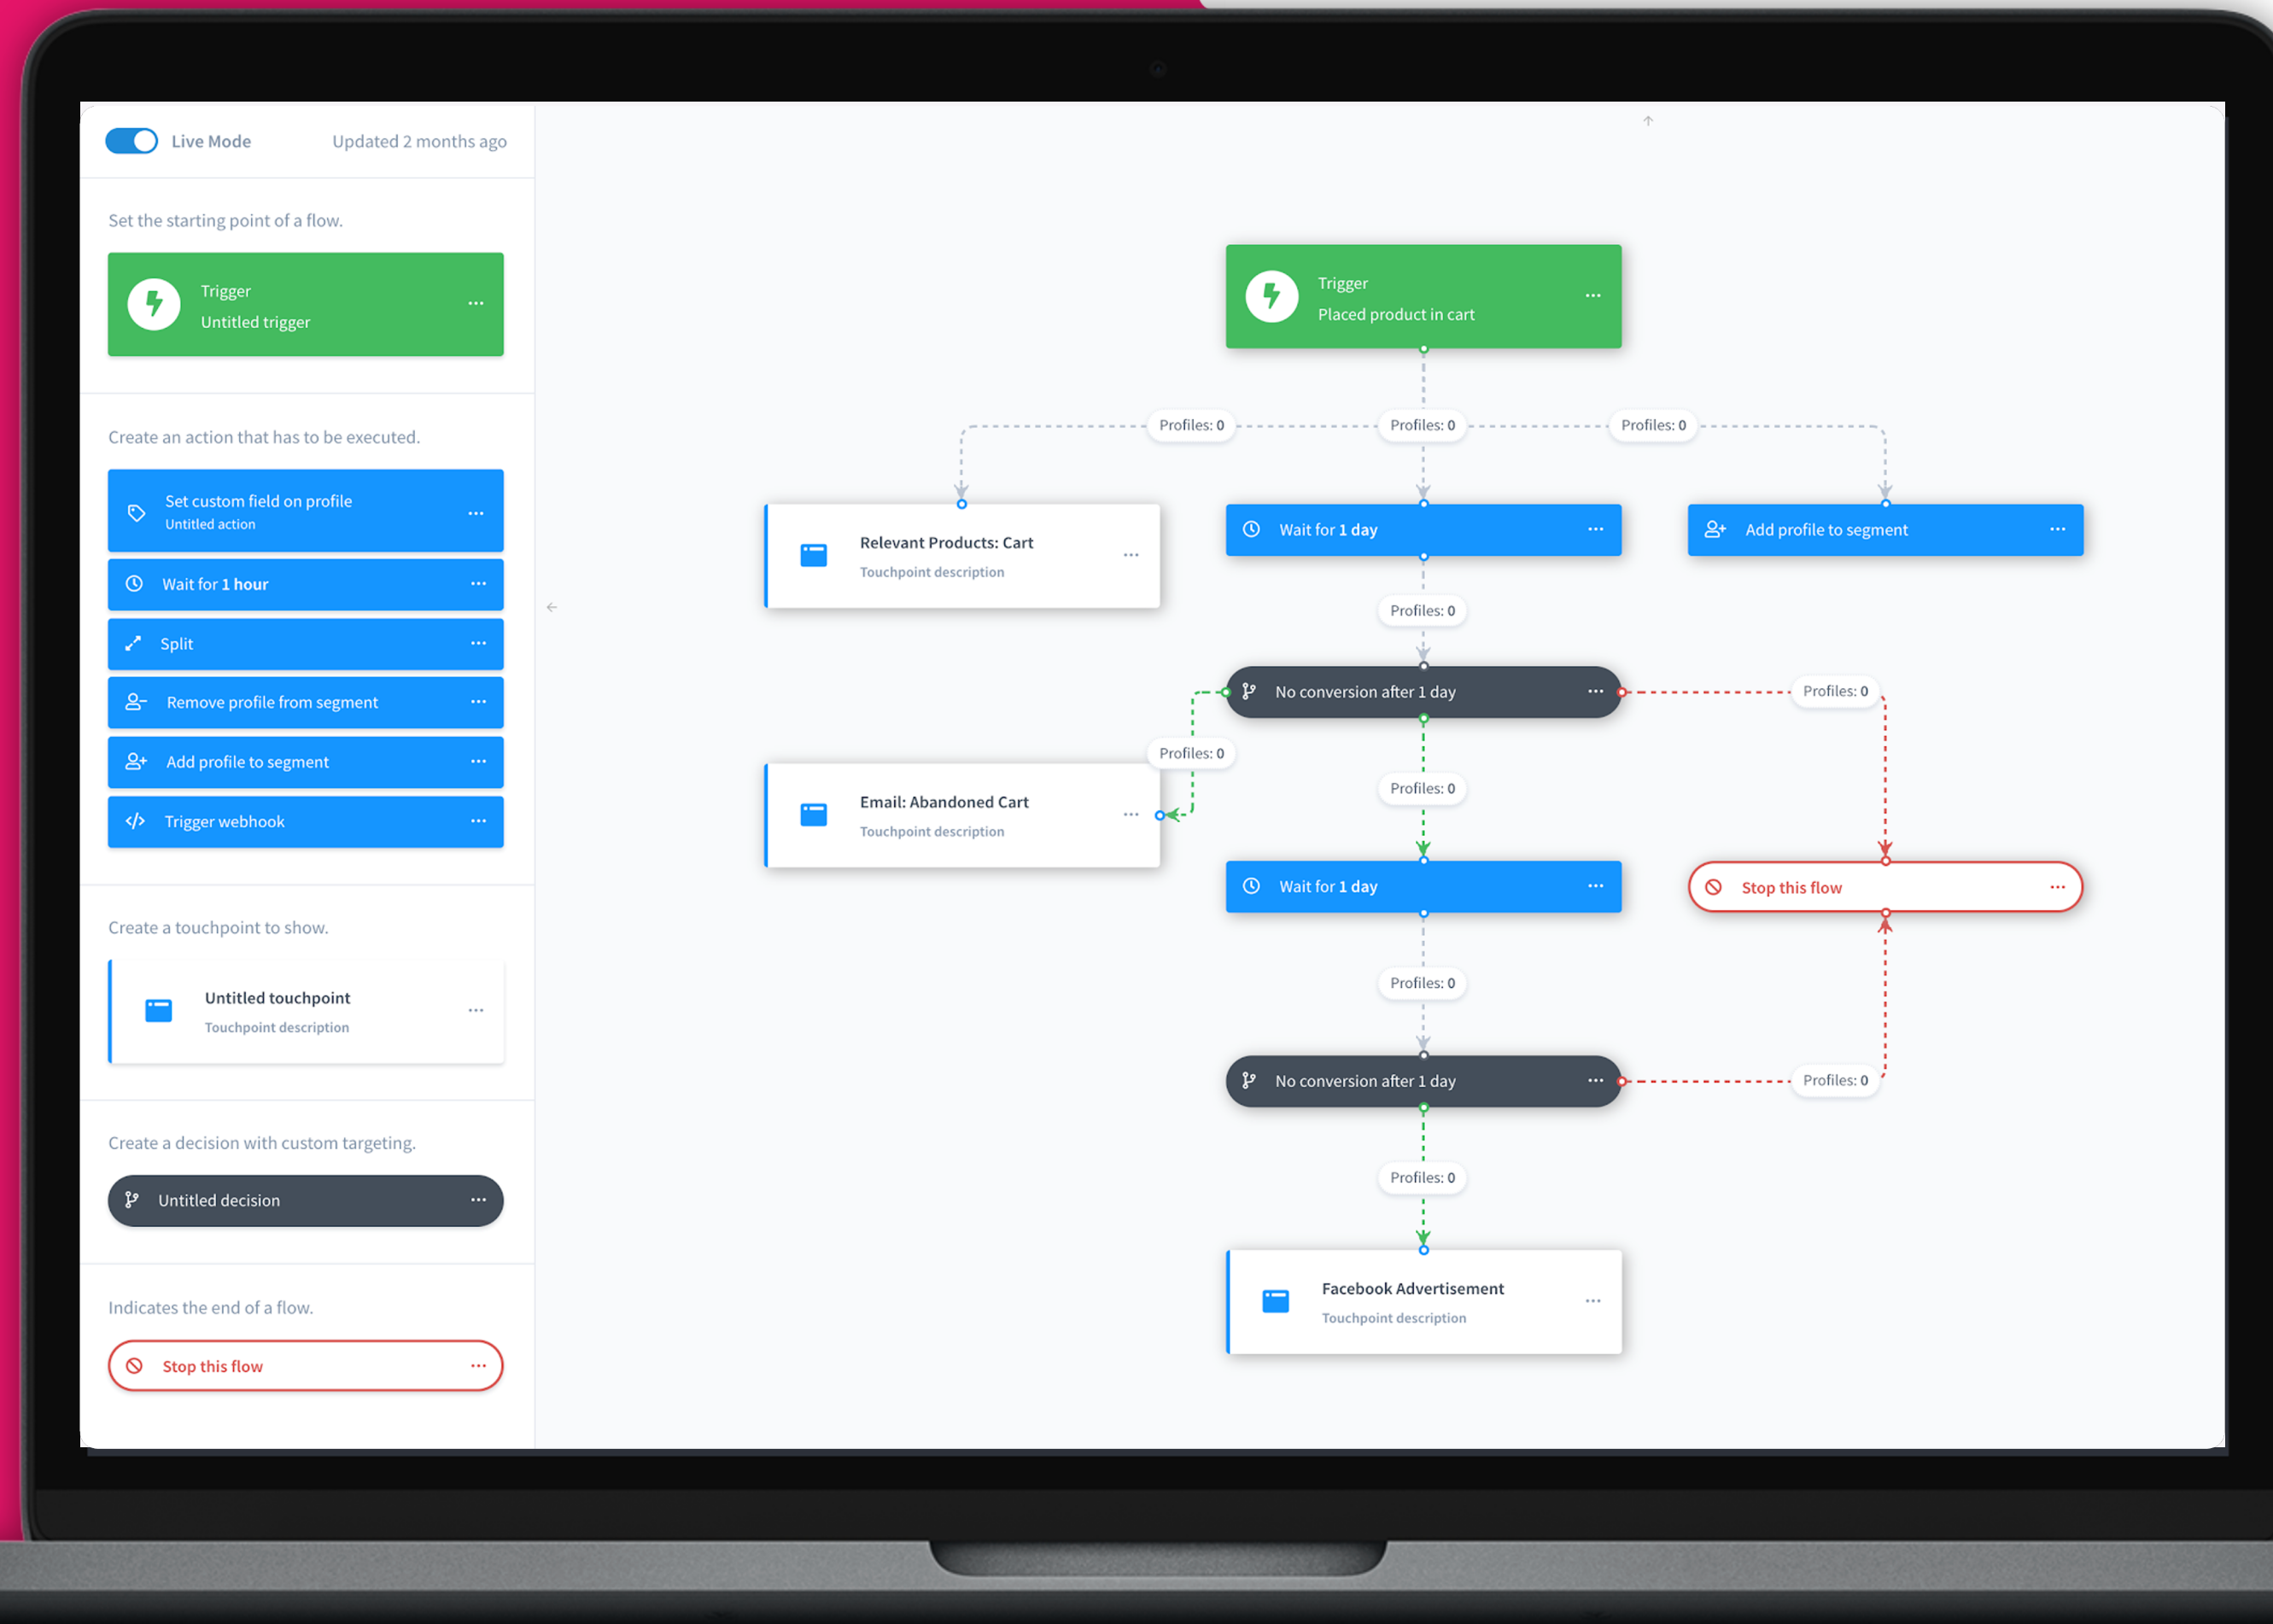

- #1 player
- Small niche market
- Few players, mainly start-ups and followers of BEE

Strategy

- To become the world leading standard for content creation, starting from email and landing pages
- Open platform that supports third party Add-ons
- Leverage the free version to build a worldwide community of Designers to build the richest template catalog

Financials

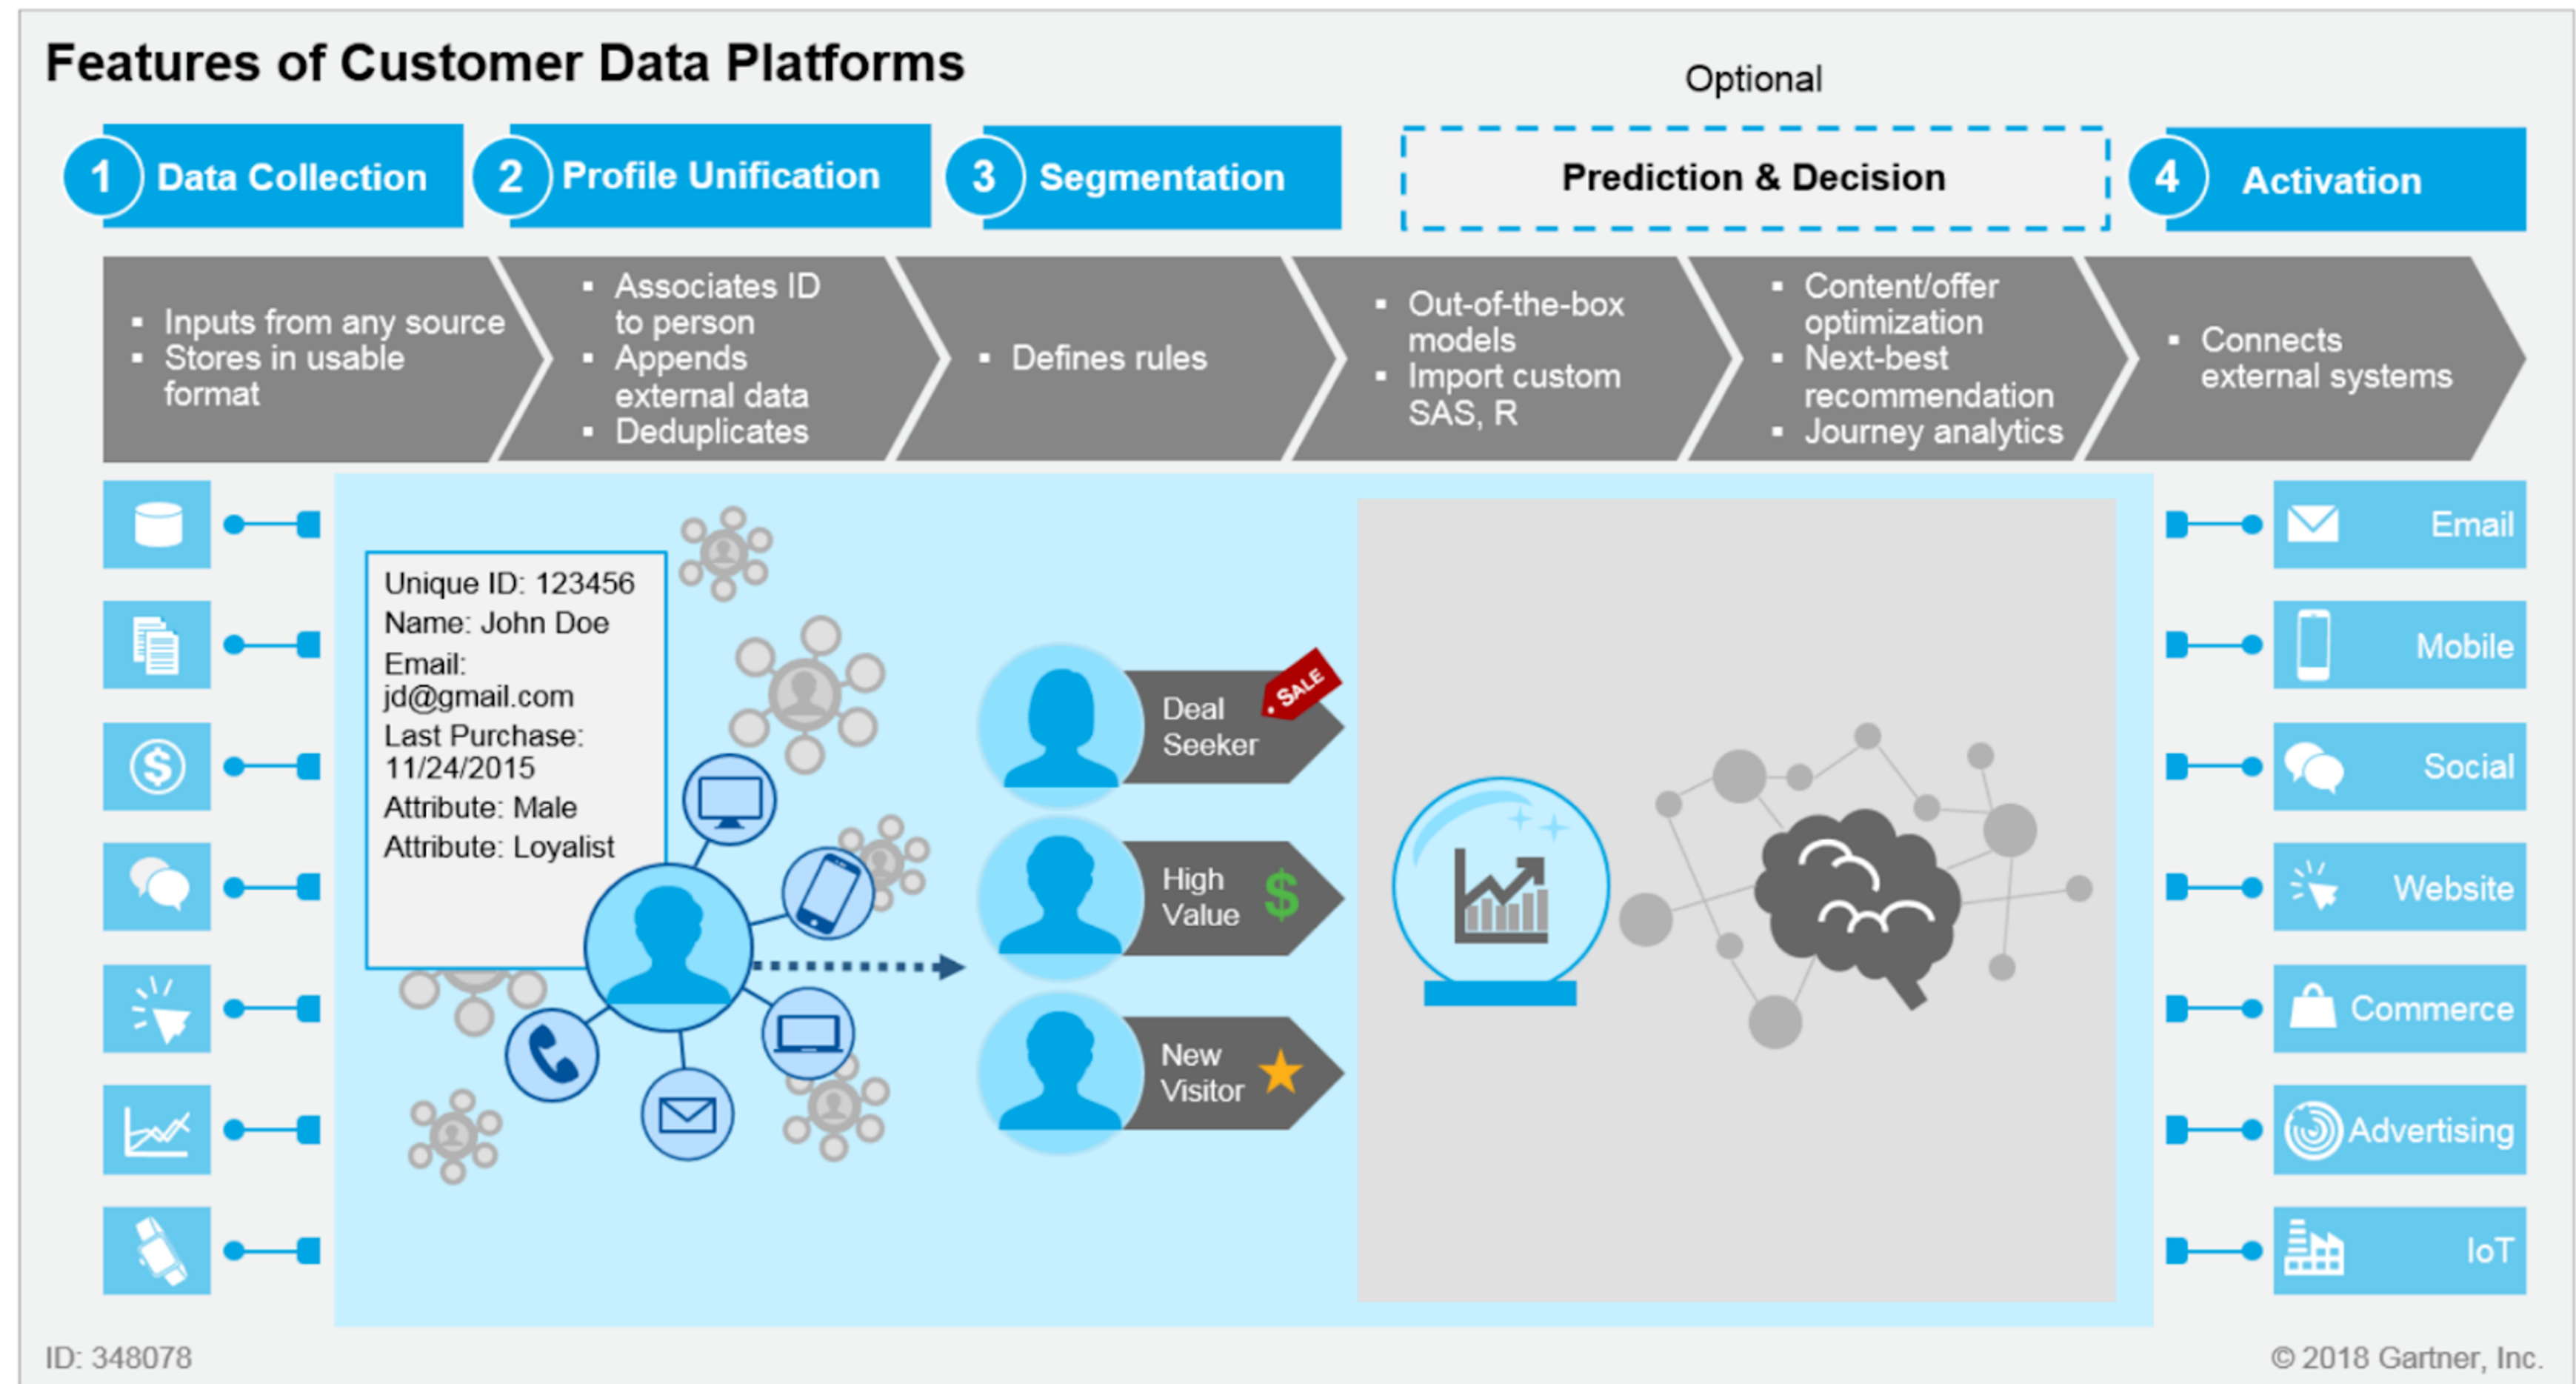

- 87% revenue CAGR 3Y
- €3.9M FY 2020 sales
- ~80% gross margin, 13% EBITDA (self-financing growth)

Data in Mn/EUR.

*In 2016 Group transitioned to IFRS accounting standards. FY 2015 is restated. Therefore historical data may not be comparable. ** FY 2019 reported EBITDA affected by:

- (i) the positive impact from first-time adoption of the new IFRS 16 on lease accounting without comparative data restatement, starting from 1 January, 2019 (ca EUR 834k);
- (ii) the negative impact of ca. EUR 1M from contingent liabilities on certain supplies for Agile Telecom, solved with a transaction and subsequently discontinued;
- (iii) the negative effect of Datatrics start-up margins by ca. EUR 600k

By business unit

Data in Mn/EUR.

Starting from FY2019, the increased dimensions of the Group and the centralisation of certain internal activities at holding level, solely aimed at greater efficiency, selected recognition criteria have been introduced for holding service costs allocation to subsidiaries, affecting business units EBITDA other than MailUp. Hence FY 2019 and FY2020 EBITDA is not comparable with previous years. For Agile Telecom, FY2019 was affected by EUR 1M extraordinary costs.

Quarterly sales by business unit / 1

Data in EUR/000.
 Consolidated gross sales from management accounts, not subject to a BoD resolution, unaudited.
 Starting from April 1, 2019 Globase is no longer represented as a separate business unit, because it acts as a mere commercial branch for the sale of MailUp and Datatrics. Hence the relevant data have been aggregated to MailUp's business unit sales figures.
 Quarterly sales figures include sales from certain multi-annual contracts, hence they may differ from final turnover figures as will be stated in the consolidated reports, in relation to possible period adjustments.
