Business Units

No-code design democratization

beefree.io

Project Rationale

In 2015 Beefree was an internal Growens growth hack experiment. It eventually resulted into a **spin-off startup in 2017**, based in San Francisco.

BEE Content Design Inc. is building on its vision to help democratize content design.

500k monthly users design 3.5m assets every month, in 195 countries (22 languages) in over 1,100 sw applications

Huge market: 4b people designing content by 2023

- Canva (\$40b evaluation) and Adobe focused on graphics and presentations
- Beefree focuses on Emails, Landing pages and Pop-ups

Beefree helps them make content beautiful and fast

A no-code drag-n-drop email and landing page editor, quick and simple available...

Glossary

ARPA - Average Revenue per Account, generally measured on a monthly or annual basis

ARR - Annual Recurring Revenue, a measure of predictable subscription-based revenue stream

CAC - Cost to Acquire a new Client, equal to the total sales and marketing expense divided by the number of new clients

CPAAS - Communications Platform as a Service is a cloud-based, programmable multichannel communications platform that lets you add messaging features to your existing business software using APIs

CDP - Customer Data Platform, a marketer-managed system that creates persistent, unified, customer database that is accessible to other systems

LTV - Life Time Value, an estimation of the aggregate gross margin contribution of the average customer over the life of the customer

MRR - Monthly Recurring Revenue, a measure of predictable subscription-based revenue stream

NET RETENTION (%) - How much revenue growth or churn the company had over time from the existing pool of customers. Takes into account expansion (upgrades), contraction (downgrades), and churn

NPS - Net Promoter Score, a method of using a single survey to gauge customer satisfaction. Range is from -100 to +100. Average for SaaS is 31

Payback Period - the average time (in months) it takes for the revenues from a new client to cover the cost of acquisition (sales and marketing) and the cost of service provision (COGS)

RECURRING REVENUE - The portion of a company's revenue that is expected to continue in the future. Unlike one-off sales, these revenues are predictable, stable and can be counted on to occur at regular intervals going forward with a relatively high degree of certainty. In SaaS they are referred to the annual or monthly subscriptions

SAAS - Software-as-a-service uses cloud computing to provide users with access to a program via the internet
